Summary

Agriculture graduate (B.Sc., 2024) trained in Food Safety and Quality Assurance (QA/QC) across 3 core ISO standards (ISO 22000:2018, ISO 50001:2018, ISO 14001), HACCP, and GMP/GHP frameworks. Experienced in conducting biological and chemical hazard analyses, designing 6+ process flowcharts, drafting Standard Operating Procedures (SOPs), and auditing Prerequisite Programs (PRPs) across food processing models and commercial poultry operations.

Education

Degree: Bachelor's Degree in Agriculture (Bachelor of Agriculture)

University: Ain Shams University (ASU) – Egypt

Graduation Year: 2024

Work Experience

Job Title: Food Quality and Safety Trainee (Food Quality and Safety Training Program)

Organization: Quality and Food Safety Institute

Responsibilities & Achievements:

- Audited quality compliance frameworks and sanitation procedures across 3 international standards (ISO 22000:2018, ISO 50001:2018, ISO 14001), PRPs, and Good Manufacturing Practices (GMP/GHP).
- Spearheaded hazard assessments across 5+ simulated plant production lines, identifying 12+ biological and chemical contamination risks and establishing preventive controls to achieve 100% food hygiene compliance.

Job Title: Poultry Production Trainee

Company: Al-Sad Poultry Production Farms – Egypt

Responsibilities & Achievements:

- Supervised daily production workflows, flock health inspections, and environmental housing controls for commercial batches of 10,000+ birds in an active poultry facility.
- Executed farm biosecurity protocols, 3-stage sanitation routines, and disease prevention measures across 4+ housing units, eliminating cross-contamination incidents and maintaining a 98%+ flock survival rate.

Job Title: Sales Representative – Chat Sales

Company: LANS Academy

Duration: 2022 – 2023

Responsibilities & Achievements:

- Advised 40+ prospective students weekly via live chat on medical analysis curricula, converting 20% of inquiries into paid course enrollments.
- Coordinated digital outreach campaigns across 5+ training programs in collaboration with a 4-member sales team, increasing student registration volume by 25%.

Company: Talabat

Duration: 2021 – 2022

- Resolved 80+ live customer and dispatch inquiries daily in a high-volume delivery environment, cutting average resolution time to under 3 minutes and achieving a 95%+ satisfaction score.
- Directed real-time order recovery across 50+ restaurant partners and delivery couriers per shift, reducing late-delivery exceptions by 15%.

Academic & Practical Projects

Project: Food Safety System Design – Training Project

- Engineered a complete Food Safety Plan (HACCP/FSMS) for multi-stage food processing lines, developing 6 operational flowcharts, prerequisite programs (PRPs), and hazard analysis matrices.
- Established 4 Critical Control Points (CCPs) across biological, chemical, and physical parameters, defining measurable critical limits and 100% continuous monitoring logs.
- Designed root-cause analysis (RCA) workflows and 8 Corrective and Preventive Action (CAPA) protocols to eliminate recurring manufacturing nonconformities.

Certifications

- ISO 22000:2018 – Food Safety Management Systems (FSMS)
- ISO 50001:2018 – Energy Management Systems (EnMS)
- ISO 14001 – Environmental Management Systems (EMS)
- HACCP (Hazard Analysis and Critical Control Points)
- PRPs (Prerequisite Programs)
- GMP (Good Manufacturing Practices)
- GHP (Good Hygiene Practices)
- Food Quality and Safety Training Program – Quality and Food Safety Institute
- ICDL – Microsoft Office Applications

Technical Skills

- HACCP & Hazard Analysis
- Biological & Chemical Risk Assessment
- Food Safety Management Systems (ISO 22000:2018)
- Prerequisite Programs (PRPs)
- Good Manufacturing Practices (GMP)
- Good Hygiene Practices (GHP)
- Environmental & Energy Management (ISO 14001 & ISO 50001)
